

2022 CLINIC SERIES

Introducing the **2022 HTNB Clinic Series** – FOUR mounted clinics focused on introducing and developing riders in the various aspects of eventing (dressage, stadium jumping, cross-country, and derby) and preparing them for competition. Clinics are designed to help riders develop solid skills in their division (Starter, Pre-Entry, Entry, Pre-Training, Training+) with a goal of advancing through to the next division by the end of the season. A maximum of 20 riders for each clinic will be accepted on a first come, first served basis and you can register for as many clinics as you like. Registration deadline for any or all clinics is **April 25, 2022**.

2022 CLINIC SERIES

BONUS!!

To encourage riders to compete in New Brunswick Equine Canada Eventing Sanctioned Shows (Combined Test, Derby, or Horse Trial – see list below), clinic participants will be eligible for a refund incentive (half of their clinic registration fee) if they ride in at least two clinics and compete in at least two shows. For example, if a rider registers for two clinics (=\$200), they would be refunded \$100 at the end of the season after competing in at least two shows.

Note: This is NOT a requirement to participate in the clinic series.

Nutrition for YOU and Your HORSE!!

An UNMOUNTED educational clinic provided by Sonita Pouliot, RHN (Registered Holistic Nutritionist) for FREE to anyone who registers for one or more of the mounted HTNB Clinics.

A common misconception when the public sees an equestrian riding a horse is that the horse is doing all the work. Little do they know that only a very skilled equestrian athlete can pull off this amazing illusion which takes years of practice and incredible commitment to achieve. If you have the goal of improving your skill as a rider, you are an athlete. Accepting the athlete identity shifts our mindset and allows us to see our partnership with our horse as a team. Unlike any other sport, we are responsible for the health and athletic performance of not only our horse but ourselves. Thinking of ourselves as true athletes does not make our horses any less of an athlete or less important; instead, it allows us to put our horses on the same level as ourselves as athletes when it comes to nutrition, training and preparation for our sport. This mindset has the power to impact our performance, our success as riders, as well our partnership and relationship with our horse.

Join me, Sonita Pouliot RHN (Registered Holistic Nutritionist) – specializing in human and equine nutrition, Previous CPT (Canadian Personal Trainer for Good Life Fitness/ Can Fit Pro) for nutrition and training tips for you and your equestrian team partner either in-person (location to be determined based on registration) or via zoom on **Thursday, June 9, 2022 from 7:00-9:00pm.**
